Reference workflow acceptance fixture

Purpose

This representative document checks Unicode, emphasis, and paragraph styling. It contains **bold emphasis**, *italic emphasis*, an identifier DOCFORGE-482, and Unicode text: café, naïve, 日本語, and —.

Nested list content

1. First-level ordered item.
    - Nested bullet item.
        1. Nested ordered detail.
2. Second first-level item.

Table content

Component	Status	Notes
Markdown parser	Ready	Handles Unicode
DOCX renderer	Under review	Uses selected reference

Hyperlinks and citations

See the Pandoc User's Guide for conversion details. Citation marker: [@doe2020].X

Fenced code block

```
def render_reference(markdown: str) -> str:
    """Keep the source readable in Word."""
    return f"DocForge: {markdown}"
```
